Sir:

Applicants respectfully petition to revive the accompanying above-captioned application in accordance with the provisions of 37 U.S.C. §1.137(b) as the abandonment was unintentional. This application became abandoned due to an unintentional failure to file a United States national phase application under 35 U.S.C. §371 within the thirty-month deadline for entry into the national stage in the United States for International Patent Application No. PCT/US03/06360, filed February 28, 2003, based on United States Provisional Application No. 60/360,689 which was filed on February 28, 2002.

The entire delay in filing the accompanying application was unintentional. Attorney for Applicant had mistakenly believed that the Applicant did not wish to pursue the national stage filing. The issue only came to the attention of Attorney for Applicant in December 2004 when Applicant, apparently believing that such a filing under 35 U.S.C. §371 had been made, wrote requesting status. Since then, Attorney for Applicant has diligently sought the required executed documents from Applicant, which was delayed by illness of an inventor.

Since this application has an international filing date of or after June 8, 1995, no terminal disclaimer is required.

Accompanying this letter is: (1) the application filed under 35 U.S.C. §371, a filing fee of \$1500, and (2) the required fee for the Petition under 37 U.S.C. §1.17(m) in the amount of \$750.

The Commissioner is hereby authorized to charge payment of any additional fees associated with this communication or credit any overpayment to Deposit Account No. 02-4377. A duplicate copy of this page is enclosed.

Applicants respectfully request (i) that this promptly filed petition to revive the above-captioned application in accordance with 37 U.S.C. §1.137 be granted, (ii) that the revived application be accorded the benefit of a claim of priority to parent application No. PCT/US03/06360 and its filing date of February 28, 2003, and (iii) that the revived application be allowed to continue prosecution.
